

OVEN2GO

cook  protect

DO YOU KNOW
WHO ELSE
HAS TOUCHED
YOUR FOOD?

YOUR FOOD, COOKED & PROTECTED

Food moves from freezer to oven
to your customer in a sealed
package that meets FDA 21
CFR, BfR XXXVI/2, and EU(EC)
1935/2004

CONSISTENT, DELICIOUS, IMMEDIATE

No more soggy food. Heat
retention plus humidity control
means a perfect meal every time.

YOUR TIME, YOUR MONEY

Cut consumables and increase
your throughput with a single
product.

HANDLES THE HEAT

Pick the speed you need. Flawless
performance in accelerated cook
ovens up to 400° F standard and
520° F when customized.
